THE LANESBOROUGH

Our teas have been carefully selected by our *Tea Sommelier*. Like all natural products, tea varies considerably throughout the seasons and for this reason, The Lanesborough teas are tasted daily, ensuring quality and consistency of flavour.

Please use the expertise of our *Tea Sommelier* who will be delighted to take you through a journey of the different varieties and complexities of tea.

THE SAMOVAR: a metal urn that was a Russian invention of the mid-eighteenth century, used primarily to heat water. Pinecones were packed at the bottom, then lit causing the water in the urn to boil. In the late 1700's the English started using silver samovars to make tea.

Considered an object d'art by many today, we have revived this charming tradition at The Lanesborough.

Peppermint Leaves

Green Teas

Rose of the Orient

A blend of some of the Worlds finest green teas including Sencha, Gunpowder, China Wu Lu and Pai Mu Tan flavoured with Jasmine, cornflower blossoms and rose buds.

Gunpowder

Green tea from the Guangdong province of China. Gunpowder tea, as the name implies, is made up of leaves hand-rolled into tiny pellets. These resemble gunpowder, and give this tea its distinct name.

Dragon Well Green Tea

One of the most sought after green teas in the world. After picking, each individual leaf and bud is hand-pressed and shaped in a wok to achieve the perfect level of roasting. This process creates a tea with an emerald infusion that tastes of sweet chestnuts.

Red Amaranth Flower

Sweet and soothing Silver Needle white tea tied around a Red Amaranth flower. Fragrant with a pink infusion

Jasmine Pearls

Poetic in form and fragrance, these stunning little pearls produce the most memorable jasmine tea you'll ever taste. Each one is hand-fashioned by rolling the freshest, long downy leaf bud sets, which come from the first spring picking, together into silvery pearls. The gorgeous colour comes from the fine fur or tippy coat on each tea bud. The finished pearls are then scented six times with fresh, aromatic jasmine flowers. When steeped, the pearls unravel to reveal a captivating perfume.

Moroccan Mint Green Tea

A luxurious blend of whole peppermint leaves and organic gunpowder green tea with the effect of combining refreshing mint with the understated sappy warmth of the gunpowder green tea.

Flowering Osmanthus

Sweet and soothing flowering green tea hand tied around an explosive orange osmanthus flower. A hypnotic display of colour, with a heavenly sweet taste.

Pu-erh (aged tea)

Pu-erh is China's great mystery tea famous for its health giving benefits, very low caffeine levels and rich, unique and comforting flavour. The secret is in the aging process.

1990 Wild Tuo Cha (aged 17 years)

This is the outstanding long aged tea find of the year. Made from leaves picked from uncultivated wild trees. To find a tea of this quality and age is extremely rare. The ageing mellows the tea's character making it more concentrated, smoother and removing any edges from the flavour. **Served at a supplement of £2.00**

THE LANESBOROUGH SELECTION OF TEAS

Black Teas

Lanesborough Breakfast Blend

This is an absolutely exquisite blend of India's finest Darjeeling and Assam teas. With long, golden tips and an empowering aroma, this tea offers the perfect balance of a rich and malty Assam, married with the delicate and fragrant softness of top quality Darjeeling.

Lanesborough Afternoon Blend

Our signature blend, created exclusively for the Lanesborough, consisting of Darjeeling, finest China Keemun and whole rose buds.

Bohea Lapsang Souchong

Unlike ordinary Lapsang which is smoked to the point of acidity, the smoky taste comes from the method by which the leaves are dried, in baskets over resinous pinewood fires, giving them that unique aroma and taste.

Golden Darjeeling Okayti Estate

Sprightly, lively, sappy and refreshing with an enticing combination of fresh grass plant sap and woodland earth. Complex, broad finish with some grip.

Ceylon Supreme

One of the most outstanding Ceylon teas you will ever drink. Jing Ceylon is a Vithanakanda. Takes well to milk although best drunk black. Full bodied, soothing and complex.

Earl Grey Supreme

Named after the 1830's Prime Minister, Earl Grey is the Western World's most popular scented black tea. Made with a rich, whole leaf Ceylon and sprinkled with cornflowers for decoration and scented with Bergamot.

Assam Supreme

Simply the finest Assam tasted in 2006. From Mohokutie estate with an exceptionally high proportion of golden tips. It is rich and full bodied but unlike ordinary Assam, the flavour is complex, sweet and fragrant.

Rose Congou

The famous black tea with rose petals, producing a delicate flavour and wonderful bouquet.

Cinnamon Star

A mix of black and green teas blended with cinnamon and rose

White Teas

Silver Needle

Long, soft and downy, Silver Needle is composed of hand-picked, first spring buds of the Da-Bai tea plant. It comes from Fuding, a serene region with waterfalls and clear lakes. The peaceful setting is reflected in the flavour: soft, mellow, with the freshness of honeydew melon and the soothing sweetness of a ripe cantaloupe. It's an easy-drinking tea that's ideal to relax with.

Served at a supplement of £1.00

Doomur Dullung Estate White Assam (Rare)

Known as "Rosy Delight" due to its fragrant aroma and sweetness. Only 2kg was produced this year of this outstanding white assam. *Served at a supplement of £2.00*

Yellow Tea

Yellow Tea (Golden Needles) is a non-fermented or non-oxidized tea. It is very similar to Green Teas except with longer firing and wrapping stages which results in the finished tea leaves having a natural light yellow colour and smooth flavour and aroma.

Oolong Tea

Iron Buddah Tieguanyin (Rare)

Only 200kg of this medium fired Oolong are produced every year. It is fired and oxidised in the traditional way to give a beautifully satisfying flavour of roasted hazel and autumn fruits.

Served at a supplement of £2.00
